

Umbrella Hints & Tips

Solar Round LED Cantilever

Q: Does my solar panel come already attached to my umbrella?

A: The solar panel has been preassembled but not connected to reserve battery life. Please unscrew the solar panel and connect the solar panel to the wire plug on top of the umbrella, then screw back on the solar panel to the top of the umbrella.

Q: Does my rechargeable lithium-ion battery come completely charged?

A: No, you must charge the battery before first use.

Q: How long does it take for the lithium-ion battery to be charged?

A: Battery charged after 3-4 hours using power supply or 6-8 hours of direct sunlight.

Q: How long does the lithium-ion battery last once charged?

A: When fully charged the battery pack will last 6-8 hours.

Q: How do I charge my lithium-ion battery?

A: The lithium-ion battery is charged by allowing the solar panel to charge during the day outdoors (while light switch is off) or by plugging the battery into the power supply indoors.

Power supply is for Indoor Use Only; leaving power supply or lithium-ion battery outdoors exposed to extreme weather could damage power supply and battery.

Q: One row of ribs is out, can this be fixed or will I have to replace the whole umbrella.

A: If a row of lights is out, it can be replaced. Please contact ATLeisure customer service.

Q: My center light is not working can this be fixed?

A: Pull down hub light and make sure the plug is plugged in.

Q: Can I purchase a cover for this umbrella?

A: An offset umbrella cover from costco.com is available online for purchase.

Q: Was I supposed to receive two crank handles for my umbrella?

A: Yes, one crank is for raising and lower umbrella and comes pre-installed on the glide handle. The other crank rotates the holder pole and comes in the accessories kit.

Q: What type of material does this canopy have?

A: The canopy is made of Sunbrella® 100% solution-dyed acrylic fabric.

Q: Is this canopy fade proof?

A: Sunbrella® is resistant to stains, fading, and cleans very easily.

Umbrella Hints & Tips

Solar Round LED Cantilever

Q: Is this canopy waterproof?

A: Sunbrella® fabrics are designed to be breathable, so they are water repellent but not completely waterproof.

Q: Does this canopy have UPF protection?

A: Sunbrella® fabrics are high in UPF protection, and are recommended by The Skin Cancer Foundation as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen

Q: Does my umbrella have an umbrella base?

A: Includes easy to assemble 4 piece heavy-duty resin. It's recommended that you use the base included with the umbrella at all times to weight your umbrella to the elements.

Q: How much sand is required for the base?

A: 50 pounds per each section of the base, totaling 200 pounds (4 pieces x 50 lbs. each).

Q: What is the size of the base?

A: 101.6 cm / 40 in / 40 po x 101.6 cm / 40 in / 40 po x 15 cm / 5.9 in / 5.9 po

Q: How much wind can this umbrella withstand?

A: It is strongly recommended you close the umbrella during extreme wind or storms, as well as when umbrella is not in use.

Q: How should I store my umbrella when not in use or during winter months?

A: Remove solar panel and battery pack from umbrella. Cover the umbrella with cantilever offset umbrella cover (not included) for storage. Store indoors, i.e. a basement, garage or storage building. If leaving umbrella base outside, cover with tarp or heavy plastic bag, and replace sand with water and anti-freeze mixture to prevent damage.

Q: How can I wash my canopy?

A: Sunbrella® fabric should be cleaned regularly. Brush off any loose dirt and wash with a mild solution of soap and water. For stubborn stains and mildew, wash with a solution of 236 ml(1 cup) of bleach and 59 ml(1/4 cup) of mild soap per 3.81(1 gallon) of water. Rinse thoroughly to remove soap and drip dry with canopy in open position.

DO NOT STORE WET CANOPY.

DO NOT MACHINE WASH CANOPY.
